Регионалнa cybersecurity конференцa, 09-10 Октобери 2018, Скопје

Information Security – Regulatory Framework

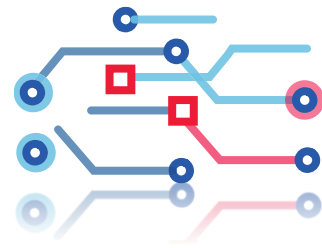

- February 2016 – Parliament of the Republic of Serbia adopted the Law on Information Security
NIS Directive (adopted July 2016) – partially implemented – taxonomy to be harmonized
- National CERT's host: Regulatory Agency for Electronic Communications and Postal Services - RATEL

REPUBLIC OF SERBIA
RATEL
REGULATORY AGENCY FOR
ELECTRONIC COMMUNICATIONS
AND POSTAL SERVICES

RATEL

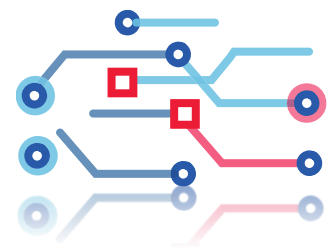

Regulatory Agency for Electronic Communications and Postal Services

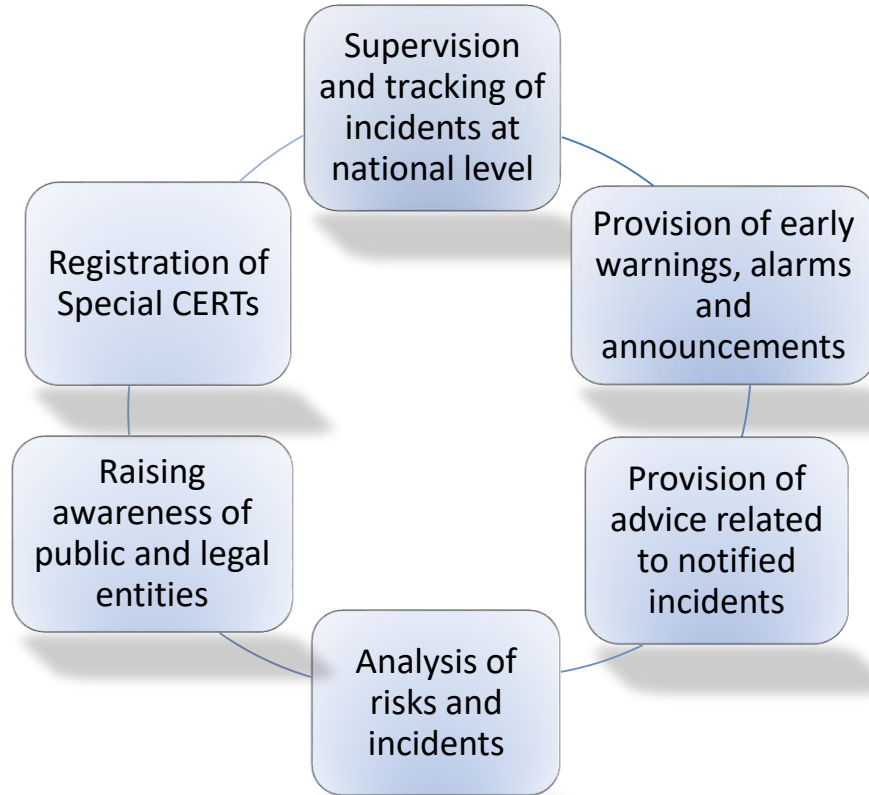

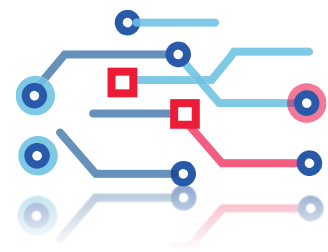

- Founded in 2005
- Initial competences
 - Electronic Communications Law
 - Postal Services Law
- New competence – National CERT – Law on Information Security

Other Bodies in Cyber Security

- Competent authority:
Ministry of Trade, Tourism and Telecommunications
- Independent ICT operators – have their own CERTs and manage their own incidents:
Ministry of Interior
Ministry of Defence
Ministry of Foreign Affairs
Intelligence agencies
- Government CERT (Office for IT and e-government)

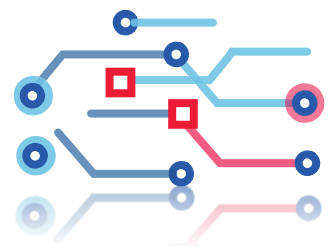

National CERT - Competencies

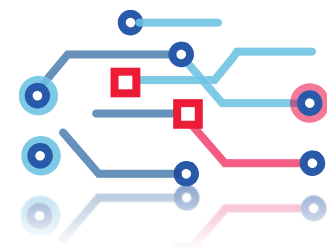

National CERT - National Level Coordination of Risk Prevention

- Gathering and exchange of information related to information security risks
- Notification of responsible parties and the general public
- Direct cooperation with the Competent Authority, Special CERTs, private and public entities, CERTs of Independent Operators and Government CERT
- Promotion of the adoption and implementation of prescribed and standardized measures concerning risk management and mitigation as well as classification of data and incidents.

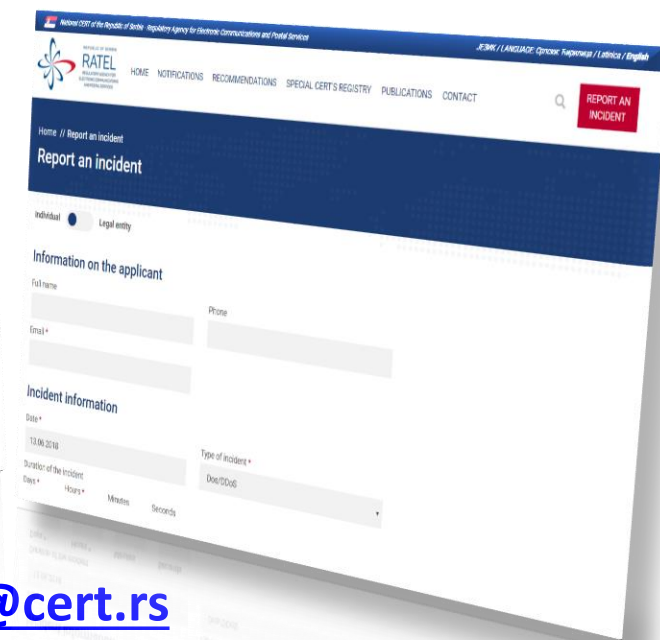

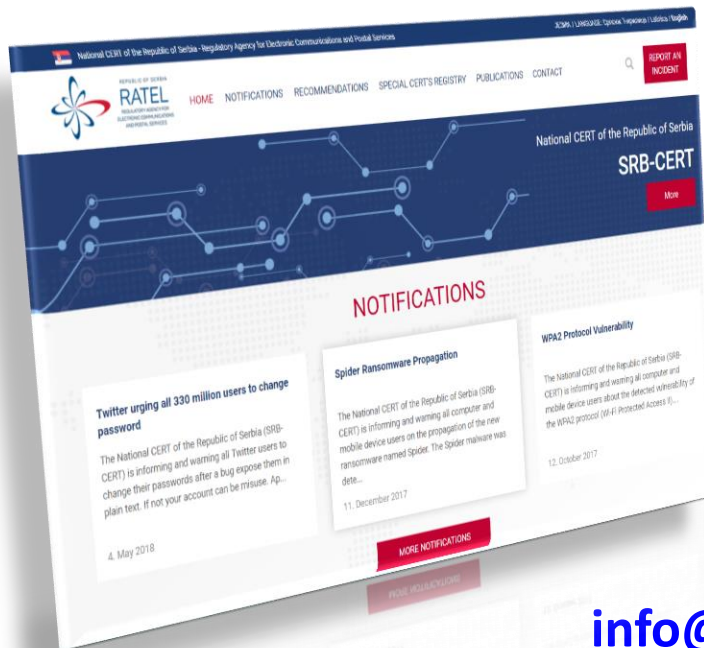

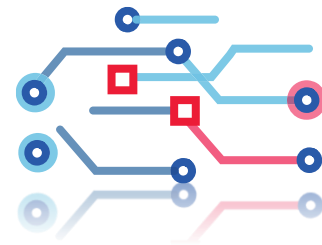

National Incident Reporting Scheme

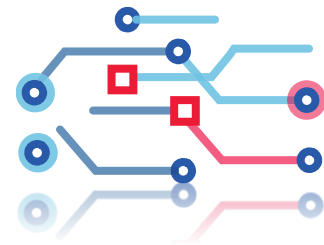

ICT Systems of Particular Importance		MTTT		Special Prosecution Office for High-Tech Crime
Telecom Operators		National CERT		Commissioner for Information of Public Importance and Personal Data Protection
Financial Institutions		National Bank of Serbia		

Incident Reporting to the National CERT
